## UV Descaling Wipes

**USABlueBook UV Descaling Wipes** are the quick, easy and safer way to wipe away scale, lime, soap scum and water spots from UV quartz sleeves in water and wastewater treatment plants. They can also be used on:

- Fiberglass and glass doors
- Sinks and fixtures
- Around decorative fountains

**USABlueBook UV Descaling Wipes** features an earth friendly acid:

- That dissolves calcium carbonate scale two to three times faster than conventional acid products.
- That is much milder to steel, aluminum and skin than conventional acids used in descaling products.
- That is phosphate-free and contains no VOCs.

### **DIRECTIONS:**

1. To activate, dampen wipe with water.
2. Wipe the surface using the rough side of the product.
3. Rinse surface with water.
