

# Leather & Cotton Gloves

## Leather Work Gloves

- Choose from cowhide or pigskin leather

Unlined driver-style gloves feature regular grain leather, finished cuff and a very comfortable contoured keystone thumb. Excellent quality. Available in cowhide and pigskin leather.

## Work Gloves

- Three traditional styles

These traditional leather gloves are an economical alternative for work around the plant. They feel good, the seams fit just right, and the reinforced cuff has a rubber coating.

Insulated style features Thinsulate™ lining and premium grain pigskin construction. The reinforced-palm style offers double-layer leather palm protection. All styles have a leather strap on the back of the knuckles and fingers. Sold by the pair.

## Cotton Work Gloves

- Perfect for lining PVC gloves • Insulated style available

Choose from four popular styles. Canvas knit wrist gloves are strong yet comfortable and provide excellent abrasion protection. Brown jersey general-purpose cotton glove is comfortable and durable. The popular chore glove is inexpensive, with a knit wrist and a thick fleecy cotton feel. Insulated brown work glove is lined with 14-oz red fleece. Twelve pairs per case.

## PVC-Dotted Cotton Work Gloves

- Great grippers

PVC coated dots outlast conventional fabric gloves and provide excellent gripping power. These rugged work gloves provide great flexibility and dexterity, and are non-irritating to the hand. Hundreds of small black PVC dots provide great slip resistance at a low cost. Available in canvas or string knit material. Men's large. Twelve pairs per case.
