

SAFETY Spill Containment & Cleanup

Ultra-Modular Spill Decks

- Modular system lets you create your own custom configuration
- Chemically compatible all-polyethylene construction
- Configurations of 6 or more drums meet SPCC, EPA and Uniform Fire Code for Spill Containment

5-year warranty

A perfect solution for storage of hazardous wastes or chemicals. Use the optional bulkhead fittings to easily connect the decks together in a virtually unlimited number of custom configurations. The fittings not only lock modules together, they also allow spilled liquid to flow from one module to the next.

Decks are available in sizes from 1-drum up to 8-drum (only 1- to 4-drum sizes are custom configurable). All-polyethylene construction makes these decks very chemically compatible. Low 5^{3/4}" profile offers safe and convenient loading and unloading. Optional loading ramps provide added drum handling safety and convenience.

Shipping: Additional shipping fees apply. Select models ship motor freight. Contact USABlueBook for more information.

# OF DRUMS	SUMP CAPACITY	LOAD CAPACITY	DIMENSIONS (L x W x H)	WT (LBS)	STOCK #	EACH	
1	11 Gallons	1500 lbs	25 ^{7/8} " x 25 ^{7/8} " x 5 ^{3/4} "	23	15422	\$	
2	22 Gallons	3000 lbs	52" x 25 ^{7/8} " x 5 ^{3/4} "	40	15423

Multi-drum pallets maximize floor space!

5-year warranty

Ultra-Spill Pallets

- Positions drums nearly 50% lower than standard spill pallets
- Strong polyethylene construction works in a variety of applications
- Pallets meet SPCC and EPA Container Storage Regulation 40 CFR 264.175 for use with drums

Ultra-Spill pallets feature a low 8^{3/4}" profile that positions drums nearly 50% lower than standard spill pallets. This makes drum handling safer and less strenuous. Their sturdy polyethylene construction ensures durability in a variety of applications, and lets you use a forklift to easily move the pallets without damage. Units feature a built-in drain and removable non-slip grates. Pallets meet SPCC and EPA Container Storage Regulation 40 CFR 264.175 for use with drums. Use optional loading ramps for convenient drum handling.

Shipping: All pallets and stock # 15599 ship motor freight.

# OF DRUMS	SUMP CAPACITY	LOAD CAPACITY	DIMENSIONS (L x W x H)	WT (LBS)	STOCK #	EACH
1	62 Gallons	800 lbs	40" x 40" x 12"	51	15596	\$
2	66 Gallons	4500 lbs	65 ^{1/2} " x 40" x 8 ^{3/4} "	88	15597

Ramp for 2, 3 and 4-Drum Spill Pallet				55 ^{1/2} " x 28" x 8 ^{3/4} "	25	15549

5-year warranty

Ultra-Spill Decks

- Unique bladder system handles large leaks with ease
- Decks meet SPCC, EPA and Uniform Fire Code Spill Containment Regulations

Ultra-Spill decks are low-profile polyethylene containment decks that capture all sizes of leaks. Small spills and leaks are captured in the polyethylene sump. Larger, more serious flows flow into the attached bladder that automatically unfolds from its hidden compartment.

Choose from 1-, 2- or 4-drum models. For convenient drum handling, order the optional loading ramp. Ultra spill decks meet SPCC regulations, EPA Container Storage Regulation 40 CFR 264.175 and Uniform Fire Code Spill Containment regulations.

Note: Spill decks require adequate aisle space to allow the 66" x 58" bladder to unfold properly.

Shipping: Spill decks and ramp ship motor freight.

# OF DRUMS	TOTAL CAPACITY	LOAD CAPACITY	DIMENSIONS (L x W x H)	WT (LBS)	STOCK #	EACH
1	66 Gallons	1500 lbs	25 ^{7/8} " x 30 ^{1/2} " x 5 ^{3/4} "	25	15589	\$
2	77 Gallons	3000 lbs	52" x 30 ^{1/2} " x 5 ^{3/4} "	42	15591	
4	99 Gallons	6000 lbs	52" x 56 ^{5/8} " x 5 ^{3/4} "	74	15592
