OZ Lifting Trolleys & Clamps

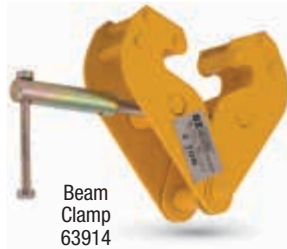

- Lightweight steel construction
- Trolleys feature precision ball-bearing wheels for smooth rolling

OZ lifting trolleys and clamps are performance engineered for demanding applications. All models feature rugged steel construction. Push-beam trolleys with quick-adjust and fall protection series trolleys and clamps have a zinc finish; all other models have a baked-enamel finish. Compatible with most I-beams. Meets AS 1418.2 and ANSI B30.16 requirements.

Adjusts to fit most I-beams

Beam clamps adjust quickly to most beam sizes and are typically used in fixed-position applications.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
1	2.95 to 9.05"	63914	\$
2	2.95 to 9.05"	63915	

Push-beam trolleys with quick adjust use an innovative width adjustment system for fast, easy installation. Universal wheel tread pattern accommodates most I, S and W beams.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
0.5	2.75 to 8.00"	350217	\$
1	2.75 to 8.00"	350218	

Beam trolleys with clamp allow quick adjustments to most beam sizes with the added benefit of a trolley. Use them for multi-position applications.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
1	2.48 to 4.88"	63916	\$
2	2.99 to 8.27"	63917	

Fall Protection Series push-beam trolleys feature premium double-sealed ball bearings for long life and trouble-free service. Installs easily with quick-adjust system. Accommodates most I, S and W beams.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
1	2.95 to 9.05"	300413	\$
2	2.95 to 9.05"	300414	
1	3 to 9"	300415	
2	3 to 9"	300416	

Geared-beam trolleys provide positive-load positioning, making them ideal for applications that depend on accurate placement and control.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
1	2.52 to 7.99"	63920	\$
2	3.46 to 7.99"	63921	

Fall Protection Series beam clamps feature robust all-steel fully-welded box construction for exceptional rigidity and strength.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
0.5	2.75 to 8.00"	300417	\$
1	2.75 to 8.00"	300418	

Push-beam trolleys are an economical choice for multi-positioning applications.

CAPACITY (TONS)	ADJUSTABLE BEAM WIDTH	STOCK #	EACH
1	2.52 to 7.99"	63918	\$
2	3.46 to 7.99"	63919	

OZ Electric Chain Hoists

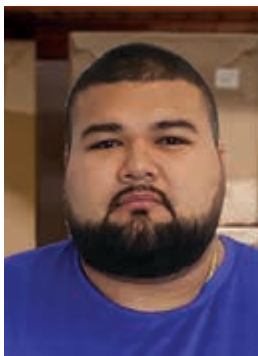

- Easy to install and operate

These advanced electric chain hoists are compact, powerful solutions for quick and easy hoisting. Choose from three lift capacities to ensure you have the correct lift for the job. No assembly required—simply mount, plug in to standard outlet and they are ready to work. All hoists feature overload protection. They are 115V and are rated at H3 Duty Class.

Includes: durable vinyl chain bag.

CAPACITY	LIFT	WEIGHT	STOCK #	EACH
500 lbs	20'	18 lbs	301510*	\$
1000 lbs	20'	53 lbs	301511	
2000 lbs	10'	59 lbs	301512	*Includes carrying case.
