Ballasts

Just like bulbs, electronic ballasts eventually need replacement. Listed below is a small sample of the units available. We have other options—contact us for more information.

USA BlueBook BRAND PRODUCTS

YOUR BEST VALUE!

USA BlueBook Mail-In UV Lamp Recycling Service

- Simple, compliant disposal of mercury-containing UV lamps
- Dispose of UV lamps up to 8 feet long

Simplify disposal of mercury-containing UV lamps with this convenient service. We'll provide you with a recycling kit to collect and mail your spent lamps for proper recycling.

Kit includes one 96"L x 8"W x 8"H corrugated box (holds up to 25 8'L lamps), two vapor barrier liners with ties, instructions, and a prepaid shipping label. After the box is full, follow the provided instructions to mail it in for proper recycling. It's that easy! You will also receive an online certificate of acceptance for recycling.

Note: This service is available only to the lower 48 states.
