Klein Tools® Video Borescopes

- Great for inaccessible areas—view inside walls, machinery or electrical enclosures
- Durable camera snake features a bright LED worklight

The **ET510 video borescope** lets you watch videos in real time on a high-resolution color LCD. Mirror image feature flips the image on the screen to help you orient yourself or your tools.

The **ET500 video recording borescope** offers all the features of ET510, but adds video/audio and photo recording—great for documenting findings. Easily rotate camera screen anywhere from 0 to 180°.

All models include: 17-mm gooseneck camera, three camera attachments (mirror, magnet and hook), USB data cable with detachable power adapter/charger and a rechargeable lithium ion battery. **ET500 also includes:** RCA composite A/V to 3.5-mm mini A/V cable, quick start guide, CD-ROM instruction manual and carrying case.

Note: Camera cables can be extended up to 9¾ feet (3 m). Contact USABlueBook for information.
