### USABlueBook Filter Judge Filter Bed Core Samplers

- Determine the efficiency of your filter bed media with just one sample draw
- Save money! No need for hazardous duty or confined space work

Take quick and consistent core profile samples of drinking water filter media. Only one person is needed for sampling complete cross-sectional profiles of gravity filter bed media—without ever entering the bed. There's no more draining the filter bed and making it inoperable for an entire day. The Filter Judge will do it all, and save you time and money! Custom-length sections are available; contact USABlueBook for more information.

For more information about the Filter Judge and accessories, see page 1636.
