

*NSF-approved filters
are cleanable
and reusable*

Harmsco® Filter Cartridges

- Save time and money—longer filter runs mean fewer change-outs
- High-quality filters offer increased contaminant removal

A Premium Polyester Series Cartridges

Filter cartridges are NSF 61 certified (excluding high-temp filters). They're made of pleated Polyester-Plus™ filter media, which provides the industry's largest available surface area. Max temp: 140°F (standard), 200°F (high-temp), 2 3/4" OD.

CARTRIDGE CODE	NOMINAL MICRON	LENGTH	RECOMMENDED FLOW (GPM)	STOCK #	EACH	QTY 24+
STANDARD CARTRIDGES						
801-0.35	0.35	9 3/4"	6	39517	\$	\$
801-1	1	9 3/4"	6	39518

801-50HT	50	9 3/4"	6	68794*		

* Not NSF rated.

B Poly-Pleat™ Hurricane® Polyester Cartridges

Absolute-rated one-micron filter media removes *Cryptosporidium*, *Giardia* cysts, sediment, silt and turbidity. Large surface area increases filter life and particle removal. Use with Hurricane housings. NSF 61 certified. Max temp: 140°F; 7 3/4" OD.

CARTRIDGE CODE	MICRON (ABSOLUTE)	LENGTH	RECOMMENDED FLOW (GPM)	STOCK #	EACH	QTY 2+
PPFS-HC-40-1	1	9 5/8"	13.5	86200	\$	\$
PPFS-HC-90-1	1	19 1/2"	29	86201		
PPFS-HC-170-1	1	30 3/4"	50	86202		

HydroScientific™ Pleated Filter Cartridges

- Bacteria- and chemical-resistant
- Excellent holding capacity

These pleated cartridges are made of durable polyester around a polypropylene core for greater surface area and added strength. Their strong holding capacity extends time between changeouts. Cartridges are cleanable and reusable (5 micron and larger).
