

Meter Resetters with Backflow Preventers

• **McDonald Series 10-1**

This unique patented product easily retrofits existing meter installations to include a dual check backflow preventer. Eliminate the risk of cutting into old service lines or replacing meter boxes. Simply remove your existing meter, attach the McDonald 10-1 where the meter was, and then reinstall your meter. The compact design makes installation easy in even the most confined meter boxes.

METER SIZE	BACKFLOW PREVENTER LOCATION	MFR #	STOCK #	EACH
5/8"	Inlet	710-1C	24656	\$
5/8"	Outlet	710-1H	24657	
5/8" x 3/4"	Inlet	710-1C	24666	
5/8" x 3/4"	Outlet	710-1H	24667	
3/4"	Inlet	710-1C	24686	
3/4"	Outlet	710-1H	24687	

Meter Idlers

• Use as temporary meter bypass when meter is out for service

These lead-free meter idlers let you maintain proper spacing until service is ready for a meter. Choose from idlers made of either schedule 80 PVC or wrought copper (copper tube soldered to male meter fittings).

LENGTH	FITS METER	MFR #	STOCK #	EACH
WROUGHT COPPER				
7 1/2"	5/8" x 1/2"	740MJ05	99973	\$
