

# LAB TESTING pH/ISE/ORP Meters

## Hach pH Pocket Pro & Pocket Pro+ Testers

- Large, easy-to-read LCD displays pH and temperature
- Buffer recognition and calibration reminders
- IP67 waterproof housing

Take the guesswork out of pH measurement with these ultra-portable, easy-to-use pocket testers. Automatic buffer recognition and calibration icon make calibration easy. Calibration icon reminds you to perform calibration, and doubles as an alert to calibration failures. Lock feature holds your measured value until you've had a chance to record it. Battery icon indicates remaining battery level.

Choose from Pocket Pro or Pocket Pro+ testers. The Pocket Pro+ offers 0.01 pH resolution, a backlit display and replaceable sensor to extend tester life.

**Includes:** lanyard, four AAA batteries and a Singlet™ single-use pH 7.00 buffer pouch.

## Hach ORP Pocket Pro & Pocket Pro+ Testers

- Large, easy-to-read LCD displays ORP and temperature
- IP67 waterproof housing

Take the guesswork out of ORP measurement with these ultra-portable, easy-to-use pocket testers. Lock feature holds your measured value until you've had a chance to record it. Battery icon indicates remaining battery level.

Choose from Pocket Pro or Pocket Pro+ testers. The Pocket Pro+ features a backlit display and replaceable sensor to extend tester life.

**Includes:** lanyard, four AAA batteries and a quick-start guide.

<b>Range:</b>	-999 to +999 mV
<b>Resolution:</b>	1 mV
<b>Accuracy:</b>	±2 mV
<b>Calibration points:</b>	1
<b>Operating conditions:</b>	0 to 50°C

## Myron L ULTRAPEN™ PT2 pH/Temperature Tester Pens

- Practically indestructible—rugged aircraft aluminum construction
- Waterproof; IP67-rated
- Replaceable pH sensor extends the life of your pen

The ULTRAPEN PT2 delivers quick and accurate pH/temperature readings. Its ultra-durable construction and user-friendly operation make it perfect for use in the field. Single-button control ensures simple setup and operation. Perform one-, two- or three-point calibrations to match your testing needs. Hold mode takes the guesswork out of measurement—LED indicates when your reading is stable. Battery indicator shows battery life.

**Includes:** scoop, soaker cap, pocket clip, holster, lanyard, 1.5V battery and instructions. 1-year warranty on pen; 6-month warranty on pH sensor.

<b>Range:</b>	0.00 to 14.00 pH; 0 to 71°C (32 to 160°F)
<b>Resolution:</b>	0.01 pH; 0.1°C (0.1°F)
<b>Accuracy:</b>	±0.01 pH; ±0.1°C (±0.1°F)
<b>Calibration points:</b>	up to 3
<b>Buffer recognition:</b>	4.0, 7.0, 10.0
<b>ATC:</b>	yes
