

Hayward® Electrically Actuated Ball Valves

- Rugged NEMA 4X enclosures
- Most ship same day!

These true union electrically actuated ball valves feature corrosion-resistant plastic parts for a long, trouble-free life. Most models are in stock and ready to ship today.

Valve construction: PVC or CPVC
Seat: PTFE
Seals: EPDM or FPM
Max psi rating: 250 psi
Voltage: 120 VAC, 60 Hz
Applications: on/off service

HRSN2 Series
Standard Actuator 301425

ECP Series
Standard Actuator 301076

Ball Valves with EA Series Actuators

These economical valves are reliable for basic on/off applications. They feature an actuator brake for full on/off positioning and a 3-second cycle time. The EA Series actuator is available on a standard valve or on a valve with 2-wire configuration suitable for replacing a solenoid valve.

PIPE SIZE	CONNECTIONS	W/ EPDM SEALS STOCK #	EACH
PVC VALVES W/ EA SERIES STANDARD ACTUATORS			
1/2"	Socket/Threaded	301083	\$
3/4"	Socket/Threaded	301084	
1"	Socket/Threaded	301085	
1 1/4"	Socket/Threaded	301082	
1 1/2"	Socket/Threaded	301086	
2"	Socket/Threaded	301087	
PVC VALVES W/ EA SERIES 2-WIRE ACTUATORS			
1/2"	Socket/Threaded	301088	\$

1 1/2"	Socket/Threaded	301091	
2"	Socket/Threaded	301092	

EA Series with
Standard Actuator 70099

Ball Valves with ECP Series Actuators

These rugged valves feature a GFPP (glass-filled polypropylene) housing that provides superior corrosion resistance and performance in environments where most metal actuators can't hold up. They feature manual override and four auxiliary limit switches.

PIPE SIZE	CONNECTIONS	W/ EPDM SEALS		W/ FPM SEALS	
		STOCK #	EACH	STOCK #	EACH
PVC VALVES W/ ECP SERIES ACTUATORS					
1/2"	Socket/Threaded	301076	\$	301070	\$

1 1/2"	Socket/Threaded	301080		301074	
2"	Socket/Threaded	301081		301075	

Ball Valves with HRS Series Actuators

These actuators close more slowly (9.2 seconds) to prevent water hammer. They feature reversing action, two auxiliary limit switches, a raised visual position indicator and a manual override shaft.
